

Konftel C50300 Hybrid

Shine together. Exceptional video conferences.

Konftel C50300 Hybrid is a flexible range of premium video collaboration solutions for medium and large meeting rooms, combining the Konftel Cam50 PTZ conference camera and a Konftel 300 model with OmniSound® audio quality.

The Konftel OCC Hub brings the whole bundle together, so a single USB cable is all you need to connect the camera, the conference phone and the room's screen to the collaboration app on your laptop. The hybrid concept also delivers the freedom to welcome participants via regular phone calls. Choose the model that matches your company's telephony solution: IP telephony, wireless DECT, 3G/GSM or analog.

The conference phones in the 300 series are optimized for meetings with up to 12 participants in the room. By adding extra microphones, you can expand the effective audio coverage for large video conferences with up to 20 people.

OmniSound® PTZ

- Meeting size: Up to 20 people
- HD 1080p 60fps
- Exceptional image sensor (2.7 inch and 2M effective pixels)
- Pan-Tilt-Zoom
- 72.5° field of view
- 12x optical zoom
- One Cable Connection Hub
- OmniSound® with HD audio
- Two-year warranty

IMPRESSIVE OPTICS

The Konftel Cam50 brings exceptional image quality to your video conferences at a fraction of the cost of other comparable conference cams with PTZ (Pan-Tilt-Zoom). It is based around premium class optics and outstanding precision – all the way from the lenses to the image sensor and the technology used to optimize the quality of the video. Even in low light, the image is crisp and clear.

HYBRID CONFERENCES

Choose the model that matches your company's telephony solution: Konftel C50300IPx Hybrid for IP telephony, Konftel C50300Wx Hybrid for wireless DECT, Konftel C50300Mx Hybrid for 3G/GSM or Konftel 300 Analog Hybrid for regular analog telephony. What you get is a flexible premium bundle for video conferencing with phone calls as a back-up. We call it Hybrid Conferencing.

Specifications Konftel C50300 Hybrid
